

Alip Kamate

Data Engineer

Alip Asmatpasha kamate

Jath,sangli, maharashtra, 4160404

Email:- kamatealip1@gmail.com

portfolio :- <https://kamatealif.github.io/>

Skills

Python for ETL & automation, advanced SQL for query optimization, distributed data processing with Spark/Hadoop, cloud services (AWS/GCP/Azure), relational databases (PostgreSQL/MySQL), data pipelining & transformation, Git/GitHub,

Experience

Streaming Project:

KAFKA,SPARK STRUCTRED STREAMING, PYTHON, WEBSOCKET API, POSTGRESQL,AIRFLOW,DOCKER, GRAFANA

Real-Time Cryptocurrency Market Analytics System

Consistently flowing data, aggregation windows, triggering alerts, visual dashboards — it looks *production*, not academic.

Batch Project:

AIRFLOW, SPARK, DBT, POSTGRESQL/ GCS(DATA LAKE LAYER)LOOKER, GITHUB ACTIONS

E-commerce Order Analytics Warehouse

Data modeling, raw→staging→mart transformation, warehouse design, cohort analysis — this screams real-world business analytics. eu finibus.

Education

SHIVAJI UNIVERSITY/ Degree

MAY - 2021- MARCH 2025, JATH,

Secured **80.87%**, while independently learning industry-relevant technologies and building skills aligned to a data engineering career.

Raje Ramrao Mahavidyalaya / HSC

KOLHAPUR DIVISIONAL BOARD - 2020 , JATH

Secured **80.87%**, demonstrating consistent academic performance with strong analytical and technical capability.

Awards

Won first place in college hackathon for rapid, high-impact solution development.
